Hi Adrian/Tim,

Many thanks for your prompt response, we would like a quote to cover the following:

- A quote for the review of the current application and whether the application can be supported in its most recent iteration; and
- A quote for representing the Council at an appeal – likely to be public inquiry – including preparation of evidence for the statement of case, the proof of evidence and attendance at the inquiry as the Council witness. (this may be a best estimate as opposed to a detailed quote)

I have included some information about the site and the DAS for information but please treat as confidential. Happy to provide any further details required to quote.

Thanks
Cat

Hi Cat,

Tim has confirmed that he will be able to support you on this. Please provide a brief and he will respond with a fee proposal.

Kind regards,

Adrian

Subject: Conservation Advice

CAUTION: This is an external email.

Hi Adrian,

I am getting in touch as we have a speculative application for which we need to secure some conservation advice, depending on the outcome of the advice there may also be a further workstream associated with a resultant requirement for a witness at Public Inquiry but we are not yet at that stage. In the first instance I wanted to check your availability to provide advice (or that of your colleague Tim who we instructed previously at the Land South of Gloucester Road PI). We can provide a brief for you to provide a quote, if you can confirm whether you would be in a position to take the work on at this time.

Thanks and best wishes

Cat
