Hi Nick/Felicity

I have been liaising with Felicity on the report to date and have been working to the April committee. However, on further review of the recommendation with managers I have been directed that it needs to be reported to our Executive Members prior to committee due to the speculative nature of the application. The Executive Member briefing is a closed meeting and is a vital stage in taking the application forward. The next opportunity to do this is 17th May and the report will be taken forward to committee on 27th May.

I can give you a call to discuss if you let me know when you are available.

Best wishes
Cat
